

Thank you for praying. Here are examples of God at work:

+May 16, **Outreach Equipping**, for missions trip candidates at Bella Vista. Rosa helped put notes together and shared her stories of when God worked through her to share good news with others.

+**Calvary Men's Ministry**. How good to review all that God has done through the Tuesday am Destined group and other groups and events. We hope that each of the 12 Tuesday guys can bring 5 more in the fall, similar to God's work described in Luke 9 and 10.

Tuesday Destined guys; **Arthur**

+ **Mohammed K.** recently **received Christ** with Arthur, a missionary who fled civil war in Liberia and Sierra Leone.

+ Through **Ginger** with **4 leadership women** from Vineyard Church. They, and several women from Calvary Church are eager to be equipped so they can equip others.

+Through **Kurt C.** as he continued his training for **Rescue Net** in Las Vega May 9 -29. More equipping for helping with International catastrophes. He ministers through the **Prayer House** ministry on Bridge St, and is going on a **missions trip** to Mexico in July. He works with a siding company.

Rosa, Uncle Kurt, Baby David

+ Through **Kelly & Rosa**, **reaching out** to other single moms, **praying** with Mandy from apartment, and Kimberly who is taking steps toward freedom in crucial areas. Rosa's friend, **Gabby**, **asked Jesus into her heart** last week with Rosa helping her.

--??—Marty **Anderson**, **brothers** Jeff and Dave needed to **postpone** the **trip to Walter Reed** to visit Sgt Michelle and SPC Derek... we'll keep you posted.

NEW PEOPLE BEGINNING THE DESTINED PROCESS:

- +**Dan and Kris** Gallagher have started Destined with their **small group** from Sunshine Church
- + **Rob Betts** started Destined with **2 guys**, and with **4 couples** in his small group from Ada Bible Church.
- +Doug Harper's friend, **Rev. Ben Pent** started Destined with **18 men** in his church in Newberry, MI
- +John Gallagher's son, **Ryan** started **Destined** with some friends at **GVSU**.
- +One of them, **Ryan P.** **committed his life to Christ** recently with many of the Gallagher family involved.
- + **Les L.** from Calvary, **Mik Sutton** from Ludington, **TJ**, and others have begun to mentor others recently.
- +**Steve S**, mentored by TJ, wants to **introduce** the **Destined process** to his **men's ministry** in Grand Haven.

+ **COAST GUARD, RESCUED....** God blessed us with a **wonderful retreat** June 2 and 3 with 17 couples on a boat. Lots of friendship building, laughter. Our message, "How to Help Your Kids Build Their Faith", stirred a lot of **interest in clarifying core convictions**. The **Coast Guard boarded the boat** we were on. God opened doors to share about the "Rescued from Lake Superior" story with **Officer Scott... who wanted his fellow Coast Guardsmen to hear it**. The couples then asked us to share the "Rescued" story with them which stirred a lot of **interest in outreach and equipping**. (See [our website](#) for hearing or obtaining the "Rescued from Lake Superior" story)

+ **God is also working through my challenges with Lyme disease**. Several **serious relapses** have shown that God is **still healing me**, but I have far more pain and weakness than anyone knows. He is showing me how to **heed warning signs** of depleted immunity. His **supernatural strength surprises me** in ministry times, but He's teaching me to **rest and heal afterward**, To **communicate my struggles** with My **heavenly Father** and friends; to **savor**, without guilt, **adventures and friends** which help "recharge my batteries"..... To **trust Him for peace** when I am to weak to do anything except essential ministry, when I have nothing left for other things that need doing, too weak to even play with Rosa or Baby David... to **enjoy every moment** He gives us...**2 Cor. 12:9... MY power is made perfect in (your) weakness...**

Thank you for your loyalty, patience and prayers while I've been in such a narrow "survival mode". Your prayer and giving mean the world to us. Especially right now with more doors opening.

We appreciate you,
Kurt and Ginger
